membership

Introducing our {my}dentist® dental plans

helping the nation smile

How often do you visit the dentist?

For some it's as regular as clockwork, for others, only when the need is great. There are plenty of reasons that put people off visiting their dentist as often as they should.

Here at {my}dentist our customers are at the heart of everything we do and because we understand that your needs differ, we've created our private dental plan to help you budget for the care you need. The regular monthly payments will help you spread the cost, so it's one less thing to juggle.

Who is our plan for?

Our plan is designed with you in mind; covering all the costs of your regular check-ups and hygiene appointments.

Prevention is better than cure and research has shown that members of the population who visit their dentist regularly, have healthier teeth and gums so require less dental treatment, than those who do not attend regularly.

There are three options for you to choose from, each one helping you to safeguard your smile and spread the cost of your care. You'll know exactly how much you're paying each month, with no surprises.

With the additional benefit of a further 10% discount on oral hygiene products, our dental plans are the simplest way to pay for your preventative care programme and come with your peace of mind intact.

Plan Membership options

About us

We're Europe's largest dental care provider. We have practices all over the UK and are committed to providing the latest treatments and helping the nation improve their oral health. Over 4 million people in the UK trust us with their dental care.

How do I join?

It's quick and easy to sign up. Please speak to any member of the team if you would like more information or for details on how to register.

* An initial joining fee of £5.00 will be collected with your first payment only.

** The provision of routine examinations and hygiene visits is subject to receipt of the required consecutive monthly payments.

*** The Worldwide Dental Emergency Assistance Scheme is a scheme established to offer support and assistance to dental plan patients who request treatment following a dental trauma and/or dental emergency or oral cancer. The Scheme responds to requests for assistance on a wholly discretionary basis. This means that, whilst the Scheme aims to provide benefits in most cases, it has no obligation to provide any benefit unless it first decides (in its sole and absolute discretion) that it should provide a benefit. There are some circumstances in which the Scheme is not designed to help and these are explained in more detail in the Scheme Handbook. Each request will be looked at individually to assess the request for benefit. Certain restrictions and limitations may apply in the event that the request is accepted and it is possible that the Scheme will decide to provide no benefit.
